OBJECTIVE

Enthusiastic fresher with hands-on experience in Neo4j and knowledge graph projects, seeking a part-time internship to apply graph database modeling, Cypher querying, web development, and problem-solving skills in building impactful, real-world applications.

EDUCATION

Pursuing B.E in Information Science

Sahyadri College of Engineering and Management, Mangaluru

2023 – 2027

Relevant Coursework: Data Structures and Algorithms, Networking, DBMS, OOP, and Web Development.

SKILLS

Technical Skills Web Development, Python, Java

Soft Skills Communication, Team Management, Creativity, Time Management

Analytical Skills Problem Analysis, Critical Thinking

TECHNICAL EXPOSURE

- Hands-on experience with DBMS concepts including SQL, normalization, and database design.
- Understanding of Computer Networks fundamentals such as OSI model, TCP/IP, and protocols.
- Practical exposure to Neo4j and Cypher through an academic mini project.

PROJECTS

NeoGraphMed—Graph-Based Healthcare Intelligence System.

Built a Neo4j-based healthcare graph system to model relationships among patients, diseases, drugs, and symptoms for analysis and insights.

Secure Cloud Storage System (Spring Boot Project).

Developed a secure cloud storage application with file encryption, user authentication, and controlled file-sharing capabilities.

HostelOps—Full-Stack Complaint Management System.

Built a web application for hostel complaint submission, tracking, and management with role-based access for students and administrators.

PhishGuard—Phishing Detection Web Application.

Developed a phishing detection system that classifies URLs using heuristic analysis and secure REST APIs for scan management.

EXTRA-CURRICULAR ACTIVITIES

Participated in **Protothon**, a hackathon competition where I worked on building a **Data Engineering Pipeline** using Apache Spark and Apache Airflow.

Serving as a **Team Lead at ISDC (Innovex Student Developer Community)**, contributing to team coordination, technical collaboration, and student development activities.

Served as a **Student Mentor at Synergia 2023**, guiding participants during a college-level event and developing leadership, communication, and coordination skills.
